Aliwal Shoal - Rated by Jacques Cousteau as one of the top 10 dive sites in the world, it has a great reputation to live up to. Aliwal Shoal should not be confused with resort diving, as conditions are demanding - sometimes bumpy launches, swells and currents. This adds to the sense of adventure. All divers are transported to the shoal on boats.

Protea Banks - Protea Banks is rated as one of the world's best shark diving spots.. Diving at Protea Banks is an advanced dive and every diver should have done at least 20 dives. Protea Banks lies 8 kilometers offshore from Shelly Beach.

SODWANA
